Host a Virtual Cookie Decorating Party!

Discover your inner cookie artist and amaze family and friends with your stunning creations. You'll laugh and learn as you practice piping skills and create beautifully decorated cookies. All classes are designed for those **new** to cookie decorating and are conducted with royal icing.

DETAILS

I will demonstrate step-by-step how to make each cookie, allowing you and all your guests to follow along as we go, explaining what we're doing and why, and sharing my favorite tips. The shapes of the cookies we use will be based upon either your requested theme or the season.

You'll have everything you'll need in one custom DIY cookie making kit. Cookies, icing bags, decorations, and even the most underrated tool in cookie decorating — a humble toothpick :)

PARTY SIZE

Parties must be a minimum of 6 guests (no maximum)

FORMAT

Classes will be held over video (Google Meet)
